

Chapter 11

Capturing Member Fingerprints

FrontDesk v4.1.25

Capture Member Fingerprints

164

Capturing Member Fingerprints

Capture a member's fingerprint for club entry. A member's fingerprint may be captured through any AAC Front Desk Application through the "Customer" Menu.

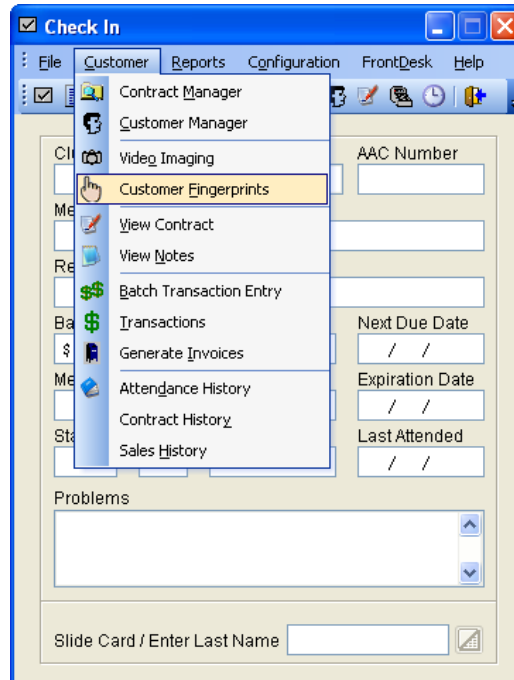

Figure 11-1.

Select "Customer" then "Customer Fingerprints", it will ask you to select the member that you would like to enroll, choose the Enroll Fingerprint button. When the Fingerprint Enrollment window opens choose the finger that the customer would like to scan then choose the field displaying "Click here to capture fingerprint". When the Scan Fingerprint Window opens you will need the customer to print three times, after that has been completed the Fingerprint Enrollment window will reappear and you will need to click the Register button.
